Fresh From the Wires from All Points.

Washington, D. C., Aug. 15.—Ex-Representative J. H. Lewis, of the state of Washington, reached this city as the representative of the Atlin miners. He will press upon the state department the propriety of having the claims of the miners made a part of the arbitration of the joint high commission. The Atlin miners, 2,000 in number, entered that district in British Columbia on the outbreak of the Klondike fever and located claims under the laws of the Dominion. Afterward the laws were revised and aliens were prohibited from holding claims in the district. The new law was retroactive, and notwithstanding protests to the Dominion government, no relief came to the miners. They were forced to leave Canada and move over into the Porcupine district. The Dominion government values the former holdings of these American miners at \$10,000,000 and the miners upon that showing claim damages to that extent. Mr. Lewis will ask that Ambassador Choate at London be instructed to notify the British government that the United States will bring the claims up for negotiation on the same basis as the claims of Canadian sealers were brought before the commission for damages.

San Francisco, Aug. 15.—Judge Carroll Cook today granted fifteen days further stay of execution to Mrs. Cordelia Botkin, convicted of the murder of Mrs. John P. Dunning. A bill of exceptions in the case has been filed but not settled.

San Francisco, Aug. 15.—The steamer China, from Yokohama via Honolulu, arrived to-day. Among the passengers is President J. C. Schurman, of the Philippine island commission and president of the Cornell university. Until he has been and reported to Washington Dr. Schurman positively declines to say anything about the work of the commission or of anything in regard to the Philippines.

San Francisco, Aug. 15.—The case of the imprisoned Galicians of the Hawaiian islands kept in jail for violating their labor contracts, is to be brought up before the supreme court of the United States, and the question of whether the contract labor laws of Hawaii can be penalized enforced now that the islands have been annexed is to be brought before the highest American tribunal. The whole question of whether the constitution of the United States is now in force there is to be put before the supreme court in Washington.

London, Aug. 15.—In the Evening News Major Count Esterhazy again tells the "real truth" in regard to the bordereau in the Dreyfus case, saying that he wrote it. The document, he alleges, was intended to serve as a substantial basis for an accusation against Dreyfus who had been stripped of his decorations and against whom there had already existed a number of grave charges of guilt which, however, could not be proved. The document, he says, was intended to keep in the background.

Washington, Aug. 15.—The secretary of war this afternoon issued an appeal to the governors of the states for aid for the storm sufferers in Porto Rico. The committee organized in Washington to secure and hold relief for the people of Texas, have decided to give way entirely to Porto Ricans and will solicit no more money for Texas.

A Night Of Terror.

"Awful anxiety was felt for the widow of the brave General Burnham of Machias, Me., when the doctors said she could not live till morning," writes Mrs. S. H. Lincoln, who attended her that fearful night. "All thought she must soon die from Pneumonia, but she begged for Dr. King's New Discovery, saying it had more than once saved her life, and had cured her of Consumption. After three small doses she slept easily all night, and its further use completely cured her." This marvelous medicine is guaranteed to cure all Throat, Chest and Lung Diseases. Only 50c and \$1.00. Trial bottles free at the Bisbee Drug Store and Copper Queen Co.

A Mother Tells How She Saved Her Little Daughter's Life.

I am the mother of eight children and have had a great deal of experience with medicines. Last summer my little daughter had the dysentery in its worst form. We thought she would die. I tried everything I could think of, but nothing seemed to do her good. I saw by an advertisement in our paper that Chamberlain's Colic, Cholera and Diarrhoea Remedy was highly recommended, and sent and got a bottle at once. It proved to be one of the very best medicines we ever had in the house. It saved my little daughter's life. I am anxious for every mother to know what an excellent medicine it is. Had I known it at first it would have saved me a great deal of anxiety and my little daughter much suffering.—Yours truly, Mrs. Geo. F. Barker, Liberty, R. I. For sale at Bisbee Drug store.
